We work closely with you via phone & Internet, providing the best results for your music, we give you a final file of your music wich you can bring to your local recording studio to record your vocals, if you don't have a vocal melody, then one can be made for you & played onto a separate version of your song in the form of a piano guide track.

Our styles are very diverse & will meet your needs when it comes to building your songs, arrangements, lush solos, large array of drum styles, kits & chops, lovely keys, phatt jaw dropping basses (dubstep basses available), effects that will leave you in awe, and last but not least, mixing & mastering.

Turnaround time for one song is 1-2 days to a full week depending on our workload.
