Beautiful colors like their mother and father. very sweet. Mother is English spot. Father is Fuzzy lop. they are about 10 weeks old and eating pellets, fruit and veggies. They would be good for showing and have sweet dispositions like their parents. Handled a lot. Perfect for your child's 4h project. I have two of the chestnut and white left and a new litter growing every day! Please put in your hold on one now. \$10 rehoming.
