We took this cat into our home several months ago when her owner moves out of state. She was temperamental at first but after several weeks of training, she is now a very loving and sweet cat. Her name is Ava and she loves attention and to be held like a baby. She is mostly and indoor cat, however she loves to sit on our porch and relax. she is three years old this February. We cannot keep her any longer and want to see her go to a great home. she is free and does come with two litter boxes, food and bowls. Serious inquiries only. please text or call

or email me for more!
