We (man-woman) run a private glamor photo-video studio that specializes in providing opportunities for photographers to take still photos or videos of beautiful and sensual women -- specifically you! You will be chaperoned here and your boundaries fully respected. Setting is a private waterfront home with a studio equipped with strobe flash units and video lights; living room or bedroom settings, or plain backgrounds; as well as furniture props (bed, couch, leather chairs, stools, tables, pillows, carpets). There are also outdoor decks, two balconies and a garden for G-rated work. We also have a dock with a 36-ft sailboat to take out onto the Chesapeake Bay or anchor at a discrete location. Perfect for sunshine and swimsuit work.

So, if you enjoy posing, looking beautiful for the video or still camera, please send us a note and face/body pics of yourself - if you don't have a composite sheet, we will shoot one for you. Also, please send your weekday and weekend availability. We particularly favor pretty, slender, in-shape women of any race. Acting ability welcome. The shoot is very discrete, private as no one else will see the images - no publication. Relaxed no-pressure fun atmosphere. Shoot can be done weekends, evenings or weekdays. We are also interested in M-W and W-W couples too. Pay rates for lingerie, short dresses and swimsuit start at \$60 per hour upwards: more for nude work. We send out your pics to photographers on our list and arrange a shoot as requested.

We look forward to hearing from.
