

2 FRIENDLY CATS NEED NEW ADOPTIVE HOMES

I have 2 cats that need new homes. My grandmother has moved into a retirement home and was not able to take them with her and I am not able to keep them.

I have Lucca, a large female, tuxedo long hair cat. Very friendly - but a little diva. She is spayed, chipped, and up to date on all her vaccines. Lucca has never been around children and prefers to be an only cat (unless you adopt her friend Mia too!). Lucca and Mia have grown up together and look out for one another.

Mia is a beautiful, long haired, female calico cat. She is sweet and friendly once she gets to know you but is a little shy at first - but once she is comfortable she loves to talk. Mia is also spayed, chipped, and up to date on her vaccines.

They are both available for adoption at \$50 each to ensure a good home (or if you take them both I will make you a sweet deal!)
