I am already spayed and up to date with shots.

Fancy is a lovely spayed Australian Cattle Dog mix who's about a year and a half old. Fancy is a stray that went into foster but had to transfer to the rescue as the foster had too many dogs. She has a striking coat and is a real looker. Fancy is a joy to work with, walking on loose lead, making excellent eye contact and responding to both verbal & hand commands. She knows sit & sit pretty for treats. Fancy is submissive and will offer her underside willingly as she seeks love and attention from humans. She is a bit shy, especially in kennel, much preferring to be out and about. It's reported that Fancy has a ginormous herding instinct and may be the working girl for you. Stop by to meet her today between 11am and 4.
