- * Does Your Home Need Healing?
- * Are You Buried Beneath Mountains of "Stuff"?
- * Paper Piles Making You Sad?
- * Does Your Home Look Like a War Zone?
- * Isn't it Lonely Not Being Able to Invite People Over?
- * Have You Finally Had Enough?

Then, let me help you . . .

I have 27 years' experience helping wonderful folks like you. No doubt I can help you, too.

Patient, kind, warm and very efficient, I'll help you "lickety-split" to get out from under and to regain control of your life, once again. Together, we'll work together to transform those random papers into a filing system or update the one you have. We'll organize the askew piles of "stuff" into systems that work for you. You'll save lots of time looking for things. You'll save money on annoying late fees and yes, we

often uncover money, as in uncashed checks that fell into that black hole. I've even uncovered cash that was \$5,000 but not reported about. When I found it, I found \$2000 I had not reported with and another \$3000 to \$1,000. So, all, you'll be able to take the hands and help give to your loved ones with confidence. Your place won't embarrass you.

"Julie is a patient and skillful organizer who can get through a stack of papers much faster than me! Work with her and watch those paper piles melt away!"

Amy R. Brooklyn , NY

"This is a wholehearted recommendation for Julie Cipolla. She has been working with me for many years, has helped me turn a rat's nest into an organized and liveable human habitation in which I can take pride, and helps me keep it that way. She is reliable, sensitive, flexible, nonjudgmental, and encouraging. She is also very good at what she does, and has a whole variety of ancillary skills, ranging from fixing a vacuum cleaner to piano tuning. I have recommended her previously to various friends and colleagues, and those who have employed her have been very satisfied as well."
