## HIGH QUALITY FREE PROMOTIONS AND MATERIALS. (columbia)

**South Carolina** Location https://www.genclassifieds.com/x-507370-z

Even if you're new but you feel like you have a look and talent but need artist development and a direction, that's what I love to do. So if you are good at taking instruction you just need someone to help and get you your videos, flyers and photoshoots done. That will be my job and you just show your talents we work on when the time is right.

Not for the person who doesn't have the time to invest in this. High quality products and be ready to leave your town when the success starts to come to you and booking shows.

If seriously interested, send 3 pictures a short youtube clip (free to make youtube account and you can use your phone to make a 'unlisted' link to send so I can know what your talent is and how to work with it) and a contact number. If you have a social media site with more pics and it all then that will work. Send contact because sometimes when I reply it may not go to immediate.
