It seems that the scammers are back. This time saying advertising for flying biscuit. They are all scams. They sent me a check and told me to deposit it in my bank. I went to the bank it was drawn on and found out it was a stolen check. The bank contacted the police department. They keep flagging all my ads so other's don't find out about them. All their ads need to be flagged before someone else becomes a victim of theirs. They are posting all over the state. If you will notice it saying to text them. They won't answer the phone if you try calling.
