

Let Me Take Care of Your Child as One of My Own (Short Pump)

Location **Virginia**
<https://www.genclassifieds.com/x-507956-z>

I am a mother of 2 boys - ages 5 and 2. For 16 years of my life, my mother ran her own daycare out of our home. I was taught at a young age to care for children of all ages. A few years ago, I used to watch a set of brothers, but their mother decided to stay home with them and then we moved counties. I'm looking to get back into watching a few children in my home during the week.

I'm looking to watch children ages 2 and up, Monday - Friday, 7:30am - 5:30pm. I will provide breakfast, lunch, and snacks (varies from the usual food kids love to healthy options). I live in a smoke-free house. I do have a cat, so please be aware for allergy purposes. We also use ABCMouse and K12 to teach various preschool lessons.

I am located in the Carver Elementary district. Please email me for price rates (which are).
