

1993 Acura Integra (1500 USD)

Location **Colorado**
<https://www.genclassifieds.com/x-508264-z>

I have a 1993 Acura Integra for sale. White exterior, never been in a wreck. Straight body panels all the way around. Has had a ton of new parts over the past year and runs like a dream! Timing belt, water pump and tensioner have all been done just 2 weeks ago. Tires are at 80% and it also has a new battery. A valve adjustment and exhaust system was done within the past 6 months. All the windows and locks work as they should. Has a working radio and has never been modified. Drives straight and stops just like it should. All lights and features work. Passed emissions 3 months ago, so it runs very clean! 242,000 miles. 1500 OBO call or text
