We need someone who is reliable, professional, and preferably between the ages of 28-45. We play shows typically 2-3 times a month and are signed to a small indie label.

You must be OK with playing shows and going into the studio. We are regular folks with day jobs that make this work because we love making records and try to do it at a high level. We are located in the Ellicott City/Columbia area.

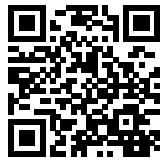

You might like us if you like these types of bands: Elbow, Nada Surf, Pedro The Lion, Death Cab, TV On The Radio, Radiohead, Hospitality, Sunday's Best, Best Coast, Real Estate, Dawes, Brett Dennen. Basically anything with the indie pop sound.
