

# Open Mic Every Friday (Georgetown)

Location **Massachusetts**  
<https://www.genclassifieds.com/x-509183-z>

Come and join us at an weekly open mike session every Friday from 7:30 - 10:30 pm at the Georgetown VFW Post 7608. We're a small, friendly club....bring your instrument (and your music if you like) and have some fun!

This is an ideal situation to "give it a try" and we have PA, amps, drum kit, and keyboard, available for use by anyone - it's great not to have to lug a kit around every time you want to play! So ....if you haven't performed for a while and want some backup , or want to try out some new solo material, toss away your inhibitions and join us....the audience is always very appreciative!

We have an in house group, the "Unusual Suspects" who warm things up and provide backing to performers if needed, and we also have an awesome song database of chords and lyrics hooked up to monitors near the mics for use by any who need a little help....

Had a great time last week with lots of performers....especial thanks to Father and Son team Arthur and Stephen who did awesome guitar and drum work plus regulars Randy and PatyAnn contributing some tasty vocals....great fun!!
