I'm looking for opportunities to push my photographic techniques and add to both of our portfolios. I'm interested in experimenting with pictorial photography, with etching on the negative. I would be shooting nudes and portraits shots with a vintage studio folding camera. The Images will be shot on film and models will receive the final digital images. Feel free to ask for my portfolio. If you are interested please include a recent photo and your contact information in your e-mail.

Thanks!
