Hi, I'm a guy from Spain. I love my language and would like to teach you Spanish (at beginner, intermediate or advanced level), and Spanish culture. I could also teach you how to dance salsa or bachata.

I love learning languages and all kind of things, so in exchange you could help me improve my English pronunciation, or teach me Russian, French or Chinese; any dance or something else you can suggest.

Lots of possibilities! Write me a word, this can be:)
