Probably the basics of website management systems in less than an hour.
 Teach you the basics of HTML5/CSS3 and WordPress in a few lessons but always
 then I'll be available for you hitting your own learning curve.
 HTML5 development of websites that need Query, Javascript, AngularJS, CSS3, e-commerce, SSL cert
 tutorial panel, mx client, email, gmail, wordpress customization, fixing widgets, plugin debugging,
 google adsense, sidebar customization, fixing navigation menu, taxonomy, tags, post, changing the
 default stylesheet implementing permanent fixes, changing columns, clean plug in / height/width/colors/
 fix broken template / bootstrap / layout css etc

Cheers,
