

gtgtgtgtgtgtH2O Mop (25 USD)

Location **California**
<https://www.genclassifieds.com/x-512848-z>

The H2O Mop uses a special mechanism that converts water into steam while you mop the floors. This way you can get a safer and deeper clean. The use of steam as opposed to water will also allow you to clean your floors without the need for those nasty abrasives and toxic chemicals.

You may have noticed that when you mop with an ordinary mop, dirt tends to move around the mop, however, the H2o Mop will actually eliminate dirt. Plus the steam kills bacteria and dust mites.

Gently used, working in great condition

\$25 Cash only

Please call DO NOT TEXT or email, i don't respond to text or emails due to spam, if interested please call at

Thank you so
