I am rehoming my 1 year old olde English bull dog. She is fixed and up to date on her shots. Also is microchipped. We are rehoming her because we do not have the time to work with her. We live on the neighborhood walk path and she runs up and down at other people and dogs. She will also get out of the fence at times when she sees people. She likes people i think its just the puppy and she gets overly excited. There is a rehoming fee and she is purebred we have all her paperwork. Text or email with questions. Also comes with large.
