Have a bunch of stuff sitting around the house that you don't need anymore and don't have time to sell it yourself?

You have come to the right place!

All I will need from you is a description of the items and a picture or two and leave the rest to me!

I can list and try to sell all your unwanted or unneeded items to help put extra cash in your pocket.

If your interested just give me a text, email or call and we can start selling today!

For any unsold items there will be no charge but for all sold items there is a percentage fee.

For items under \$1000 I charge 20% the selling cost

For items over \$1000 I charge 15% the selling cost
