

Geosreef Calcium Reactor CR618 Aquarium (175 USD)

Location **Oregon**

Used in one large 180 gallon tank. My unit does not have the model number anywhere, but the dimensions are the CR618 model from Geosreef. Here is the link for this reactor. It has been sitting collecting dust, moving must sell asap.

"The CR618 will hold 12 pounds of large grain media and is suitable for reef aquariums up to 300 gallons."
