I am a musician from London with 5 years private tuition experience teaching adults and children here in Berlin.

I speak English and a little German.

PLEASE NOTE:::I DO NOT CHARGE EXTRA TO VISIT YOU::: :-)

My background covers a multitude of musical styles so during your first lesson we can talk about what you like and what you are aiming for if you have something in mind.

If you are a GUITAR BEGINNER...no problem. I'll first start you off learning instrument basics-parts of the guitar and how they work, holding the pick or plectrum, tuning methods, basic chords and riffs, timing and how to 'count' whilst playing, basic time signatures and maintenance checks and cleaning. There is a difference between playing RHYTHM and LEAD guitar so we can determine which one you are more interested in-or maybe both and I can teach you accordingly. DON'T BE SHY JUST GIVE IT A TRY, and after a few lessons and some practice at home you'll soon be playing and enjoying making your own music.

For INTERMEDIATE players I can teach you how to further develop structuring chord progressions, song arrangements, complex chords patterns, how to achieve that certain style or sound you might be looking for and any maintenance or technical stuff you may need to know.

BASS BEGINNERS will learn parts of the guitar and how they work, what the bass does in terms of sound and how it works within a band situation, basic scales including 'walking bass' techniques, how to use both a pick/plectrum and fingers to play and maintenance and cleaning.

BASS INTERMEDIATE players can benefit from learning how to further rhythm technique, harmonising, bass chords, sliding techniques, advanced maintenance and repair.

ANYONE OF ANY AGE FROM ANY WALK OF LIFE IS WELCOME.

I have experience in the music world, so I can advice how to pursue a career in music as well as joining/forming a band, and much more.

---I CAN TEACH 2 PEOPLE TOGETHER AT THE SAME LEVEL AT A REDUCED RATE---

If you are interested in a fine musician that can provide professional skills to coach yourself and/or a friend the art of playing the acoustic/electric guitar or acoustic/electric bass,

please contact me.

Please contact me by replying from here-craigslist or call/sms to and ask for Jon. :-)
