1990 Honda CB (1400 USD)

Location **South Dakota** https://www.genclassifieds.com/x-561772-z

This small, light, naked sports motorcycle was only produced in the US for 2 years, 1989 and 1990. This bike has 20,000 miles and is in great shape. They are hard to find and a blast to ride.

Thinning out a few of my favorites.
