I need someone Monday through Thursday let my two Aussies out into the fenced backyard starting July 27th. You would come to my house around 11:00 am or 12:00 noon to do this. If you live between my house and where I work east of College Drive, I could drop them off and pick them up but then you would have them for almost ten hours a day for the four days. My older dog is not kid friendly and not friendly with other pets if inside the house (he's fine with my other dog inside the house) but he's fine when outside with other pets. I do have a cat they both get along with. This is good for someone who is retired and would love to have the company of my two dogs who are very affectionate and spoiled. References required. Thank you
