

# Modeling and Travel Opportunities in NYC, LA, Miami (Female Models)

Location **Vermont**  
<https://www.genclassifieds.com/x-562052-z>

Ambiance is a model network and housing community in New York and Los Angeles. We offer free housing for promotional modeling work at the top restaurants, lounges and nightclubs in our respective cities (requirement is 3 nights per week). Models can also choose to pay for housing and partake in fewer or no promotional events. Transportation is provided to and from the venues we work at and the models are always accompanied by an Ambiance host to ensure everyone is safe and doing their job.

Depending on the city, other resources/perks offered to the models may include: groceries, company car, access to photographers, referrals to agencies, gym subsidies, etc. Flights are also sometimes offered on a case-by-case basis either to the initial city where you join the Ambiance community or when you move to one of our other locations.

To APPLY please email us your polaroids/digitals (head shot, face profile shot, full body straight-on and profile shots in a bathing suit, all with NO MAKEUP), measurements (height, bust, waist, hips), age.
