Looking to hire a construction company for a light remodel of a restaurant/ deli space. Includes carpentry, painting, hvac, plumbing, and tile work. This is not a large space. Kitchen needs to have a sink replaced, other then that the kitchen is good. We are removing the drop ceiling and will be replacing the duct work for a open feel. Please email me. I am very close to the space and am able to show it most days and times though out the week.

Thank.
