Perfect setup for beginner or someone looking to upgrade to an SLR camera. (\$500 value)
 Will sell everything listed separately as priced or together as a deal.

Canon 20D camera body \$100
 8.2 megapixels
 Excellent condition; not a scratch on it.
 Comes with original strap which is in very good condition. Some visible wear on the strap.
 Battery, charger and lens cover.
 No CF card.

Lens: \$200
 This is NOT the cheap lens made in Taiwan that came with this camera. I bought the upgrade to the 17-85mm quality lens that is made in Japan. Automatic focus, Image Stabilizer, lens hood, lens cover and internal lens cover,

Filters:
 Hoya Pro 1 Digital Polarizer NDX4 67mm \$45
 Tiffen Circular Polarizer (Made in Japan) 67mm \$25
 Hoya Softer filter 67mm \$20
 ProMaster softer filter 67mm \$20
 Merkury Optics UV Clear filter 67mm \$15
