Just moved back to big island and need 2 guys to help me out. Have a shed on an empty lot to meet me Sunday late afternoon or early evening. Exact time to be discussed. Have a shed on the property and have a few things I need loaded in truck. Only about 30-60 mins of your time. Not taking everything but a few Things and we can't lift it from the shed to the truck. That's all that will be required of you. However the lock may be rusted so need you'll need a bolt cutter if it's rusted and key doesn't open it. I got a new lock to put on it.

Please email me or text me 80eight 2eight 0 14nine two and let's set this up.
Tell me your price. Not a lot of money but worth your time
Please you must show up. I have a long drive to get there from hilo and long drive back.
