The property has a great head-start on a mini homestead; a huge 3,000~ sq ft garden area that could easily be expanded or divided, a small orchard with room for more trees, and a fully fenced 1,600+/- sq ft 'critter pen'. There's also a 20x60~ area on the SE corner of the lot, perfect for another pen, garden, shop, or RV/boat storage. Keep goats, sheep, turkeys, rabbits, a cow or two, chickens, and more with ease.
