

Honda Pilot 2006 (6000 USD)

Location **Idaho**
<https://www.genclassifieds.com/x-563808-z>

Only damage to the car is the front end, AC cooler and radiator. The previous owner put in a new engine, it works great and has no damage. The interior is in great condition, can easily fit 8 adults comfortably in three rows of seating, stereo has a headphone input. Would be very easy to fix & get up running quickly (est \$2000 to repair), or use as a parts car. Was a great car to use and drive, but I'm not mechanically inclined to fix myself & don't have the money to repair at the shop. Looking for \$6000
