Last year we caught a woman trying to put one of our cats in her car. She said she thought it was a stray. But it was right in front of our house. We live in a dead end street in a development. A month before that, two of our cats went missing. I'm sure this woman took out cats! Be on the look out! She drove a pearl blue newish CRV type model car. Unfortunately, I didn't get her license plate. After we lost two kitties, I adopted a kitten, we call him Milo. On 7/3, Milo disappeared. Please, if email me if you find him or know a woman who likes to drive around and pick up "strays". If Milo is returned to us, we will offer a reward of .
