

# Instructors life navigation coaches (NH)

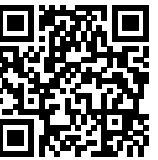

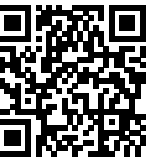

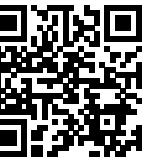

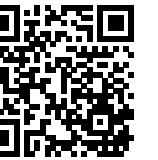

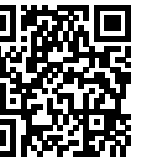

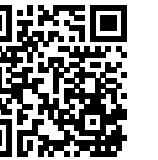

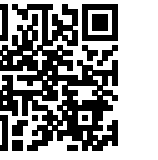

Location **New Hampshire**  
<https://www.genclassifieds.com/x-564505-z>

Thrive Outdoors is looking for private contractor candidates to fill Group Leader and Life Navigation instructor positions. We are looking for individuals with real life experience and willingness to attend ongoing training that includes "Mental Health First Aid", and "Crisis Prevention & Intervention". Qualified candidates will be expected to market our leadership & life navigation groups, facilitate and advance these groups, and plan for adventure trips (transportation rentals, waivers, and other details). Thrive Outdoors has specific programming and curriculum that each instructor will be expected to utilize. Thinking outside the box and creating an environment of acceptance, tolerance, and stress reduction is paramount in all Thrive Outdoors programming.

Ideal candidates should have experience in event or group planning, familiarity with outdoor skills (camping, hiking, etc.), willingness to lean on their own experiences as a teaching tool, and the desire to learn & adhere to Thrive Outdoors mindset / curriculum. Our goal is to allow candidates the potential to further their own skills and allow growth potential.

Education and Life Experience are equally valuable to Thrive Outdoors instructors and any special skills/training like Wild Edibles, Land Navigation, Fire Building, Tree Identification, Life Management Training, Marketing, etc. will be put to good use.

These per diem positions are flexible and dynamic. Pay will be negotiable and have the potential to be set wages and/or commission based. We do not have any positions that are strictly commission based.
