I'm getting a lot of inquiries for models since I'm a photographer. So if this sounds like something you can do and would like to make money while doing it, I'm the person that can make that happen.

Everything from creating your youtube and all your banners, flyers, photos for promo, I can cover all of that.

Send a few pictures front/side/behind selfie will do. Serious inquires only. If you have a social media, send.
