

USED PASSPORT 8500 RADAR DETECTOR (100 USD)

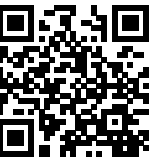

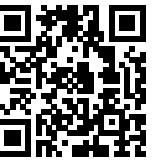

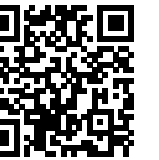

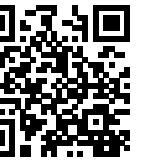

Location **Washington**
<https://www.genclassifieds.com/x-565708-z>

High-Performance Laser Protection

The Passport 8500 radar receiver provides extreme detection range on all police radar, including X-Band and the all-important K and Ka bands. Digital signal processing provides maximum range, with minimum false alarms. The Passport 8500 includes advanced technology designed to eliminate false alerts.

Product Features:

- Radar/Laser Detector with illuminated display
 - 280 LED Alphanumeric display
 - Bar Graph, ExpertMeter, or SpecDisplay
 - 3-Level Dimming, plus Dark Mode
 - Traffic Signal Rejection technology minimizes false alarms
 - Dark/Night Mode dims the display brightness for a comfortable drive
 - Audible alerts provide identification of the detected band
 - Mute function will silence audible alerts
 - Convenient modes include AutoSensitivity, City, and Highway operation
 - Protection against Pop radar and laser recognition
 - Multiple laser sensor diodes
- ## Programmable Features:
- Power-On Indication
 - Power-On Sequence
 - Signal Strength Meter
