I am selling my 2013 Specialized Allez comp 58 cm road bike with very little use. It has 105 group with FSA cranks and BB30 bottom bracket. Upgraded wheelset to Mavic with new tires. The bike looks and performs flawlessly. The geometry is very comfortable and the bike is responsive. Once you see it you will see how good the condition it is. Text with questions. I recognize a text from scammer scum btw, so good luck if you think you can sneak one past me.
