Location **Maryland**
<https://www.genclassifieds.com/x-567778-z>

- Interchangeable grips
- Ultra gaming-grade precision
- Plug-and-play performance
- Weight tuning system
- Custom-color LED display
- Logitech G9 Laser Mouse

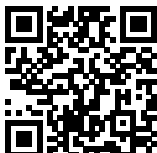

Customize your mouse to meet your performance and comfort needs! Includes G9 LaserMouse, Two custom grips (Wide Load and Precision), Adjustable weight cartridge, Tuning weights and case, User guide.

Features:

- * Interchangeable Grips: Use the included Wide Load and Precisiongrips to get a fit and feel that s best for your playing style. The satin texture and fuller shape of Wide Load add extra comfort while the DryGrip technology plus compact shape of the Precision gripgive you unmatched fingertip control.
- * 3200 dpi laser engine with Full-Speed USB: Get uncompromising speed and accuracy from a high-performance Gaming-Grade laser engine--plus instant cursor response with Full-Speed USB (up to 1000 reports/second).
- * Game settings to go: Take your personal mouse preferences with you. The G9 saves mouse settings in onboard memory--store up to 5 profiles (including keyboard macros, dpi settings, and LED color) on the mouse and play your way--without additional software installation--on any computer.
- * MicroGear Precision Scroll Wheel: Use Logitech's exclusive MicroGear scrolling technology for precise, click-to-click scrolling--perfect for quick weapon selection. Or switch modes for frictionless, hyper-fast

adjustable sensitivity from pixels-per-inch targeting to ultra-fast movement without passing up a shot. The G9 gives you instant access to 1000 dpi sensitivity settings between 100 and 3200 dpi for precision navigation.

- * Weight tuning system: Prefer a heavier or lighter mouse? Use the weight cartridge and up to 28 grams of metal weights to customize your G9 for just the right feel.
- * Polytetrafluoroethylene feet/SuperSlick feet glide effortlessly across almost any surface.
- * Custom-color LEDs: A color LED display indicates the current sensitivity level and profile settings. Personalize the color LED display by choosing from hundreds of colors.
- * More grip
