"Greater Boston's Trusted Source For Moving And Relocation Services"

Whether it's a single item, dorm room, loading or unloading your rented vehicle, or packing and moving an entire home or business, Big City Moving Company has the experience and know-how to suit your particular needs. We offer a broad range of services including full service moving and relocation, hoisting, packing as well as unpacking and free box delivery.

We pride ourselves on our competitive rates, up-front pricing, excellent customer service, and impeccable safety record. It's this approach that has qualified us as a Better Business Bureau Accredited company with an A+ rating. We are pleased to be a BBB Accredited Business because it signifies our commitment to customer service, reliability and trust. Big City Moving Company is the quality choice in Boston area movers providing affordable moving solutions for all.

Most jobs require only a two-hour minimum and all are billed by the quarter-of-the-hour. We offer free disassembly/reassembly of furniture when necessary and there are no extra charges for stairs or carrying items long distances. In addition, we are one of the only local moving companies to offer flat travel fees to our customers. With this policy, you never have to worry about being overcharged for unexpected traffic delays.

Our professional, skillful staff are trained to handle your belongings with the utmost care. This is priority number one. All moves include basic insurance coverage free of charge. For those who desire a higher level of protection, Big City Moving Company offers a choice you don't get with most other movers. Additional coverage is available through Baker International Insurance, a highly reputable company who deals exclusively with moving insurance and only approved, established carriers.
