Laverne, or Verne as we call her, is a year and a half old. She will be two in October. She is an awesome cat. She loves people and loves other cats. Laverne must be adopted with another cat (she hopes her friend Toby or her sister Shirley) or she must have a cat friend already in her new home.

She loves life. She loves to play, enjoys eating, especially canned food and loves to hang out with her foster parents.

Laverne has seizures and takes meds daily. The medicine is doing its job.

She is the favorite cat of her foster dad. She likes to hang out with him. Her foster mom loves her a lot too.

If you would like to know more about Laverne and meet her text the number provided or email.

Laverne is available for adoption with St. Louis Pet Rescue. Her adoption fee is \$85.00 and includes her vetting, spay, micro chip, and FIV, FeLV.
