

Beatboxer for rock band wanted

Location

Ohio

<https://www.genclassifieds.com/x-568744-z>

We have a bassist, guitarist, both are vocals and are in need of a percussionist. This will be a 3 person set up for the foreseeable future. We (both members) already have content that can be brought to a full band and potential venues throughout Cleveland. We are both 18 and are looking for someone who is at least 18 with good beatboxing skills. You will be asked to show us a video of you beatboxing (preferably something original) and may be asked a couple questions about your influences. Please feel free to contact us we are very eager to add a beatboxer to the band.

It is much preferred if you have a microphone and amp or PA of your own. If not we will have to purchase that equipment as a band. This is experimental to see how a beatboxer could fit into the band.

Pay will be distributed among members after gigs based on required band assets/equipment and the amount of work done in the band.

Thank you,
