At this point I've had so many people flake on me that I'm losing my mind. I don't have the resources for him, PLEASE adopt him. I'm still willing to just give him away and sell the cage later.

Okay, so I adopted a pigeon a while ago, and my landlord did a random check up and apparently holds no love for pigeons at all which I was not aware of, as there was nothing in the rental agreement that banned pigeons, let alone any birds. They want my pigeon gone as soon as possible. I have a carrying cage but it is not suited for daily residence for Alex. I only put him in at night so he doesn't wreck my room while I'm asleep. He's a sweet boy and pretty independant, will stand on your hand and doesn't bite. I'm hoping for 30 for the cage, the extra food I bought and the food he came with, and the paper litter I put in the bottom of the cage.

I'm sad to see him go, but I can't afford to lose my apartment. I'll take offers for the supplies too, Alex comes free though. I just want him to have a good.
