To the gentleman who lives off of Howard Av. that is looking to hire a prostitute - you clearly didn't get the memo. Posts looking for sex in exchange for money should be in the personals section of Craigslist. Domestic or any other type of gig, does not mean sex for hire. One of these days I'm going to start replying to these distasteful posts and set up a meeting and bring the police with me. Please stop littering the legitimate portion of Craigslist with your garbage. Thank.
