Greetings, I am a mother of 5 wonderful teenage children. One is away at college, one goes to Centralia College and has. baby of her own, and three at Rainier High school. I am 37 years old. I spent the first 12 years of my children's lives as a nanny. I babysat a wide range of children from infants as young as 3 months old to older elementary school age children. I performed preschool in my home for four different children whom I babysat and they were prepared for Kindergarten! (on top of advancing my own children). My last full time babysitting position was in Boston in 2007 where i watched a 3 1/2 year old, a 6 mth old, and a 3 mth old. I treat the children as part of my family and nurture them as if they are my own.

I do have a business license but it is for general services such as research writing, Notary Public, and contracted secretarial services. I currently hold a Bachelor of Science Criminal Justice Administration Management degree as well as a Master of Science Psychology. I am looking to get back into nanny work and would love to watch your children. I am active and like to take the kids for walks or to parks to play. I can pick the kids up and bring them to my house and I prefer to do most of the care in my own home. I have a schedule I like to stick to so the kids have a routine as far as feedings, naps, and play time. I would really love the opportunity to meet you and your child(ren) to see if I am a good fit for your childcare needs. I am unable to accept any state supplemented child care at this time but possibly in the future. \$50/ a day rate up to 10 hours and every thing after at a rate of \$5/ hr. For part time work it is \$5/hr for 1st kid and \$2/hr additional children for however many hours are needed. I have a daughter who attends centralia college and one in High school available for date nights and weekends if those days are needed as well. Look forward to meeting you and your children.

I currently only have one other child I am taking care.
