Bonnie is a very sweet girl, approximate DOB: 01/10/2012, who loves to cuddle on the couch, but she's also up for a walk anytime! She's crate/ house trained, current on shots, spayed, microchipped, and heartworm test negative. She is currently in a foster home, but is ready for a forever home. She will need a dental cleaning, which is why the adoption fee is only \$100.

If interested in adopting, please respond via email.
