

Marshfield Clinic AmeriCorps Afterschool (Wisconsin)

Location **Wisconsin**
<https://www.genclassifieds.com/x-569679-z>

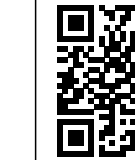

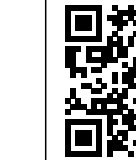

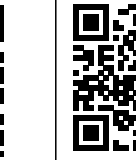

AmeriCorps, often referred to as a domestic Peace Corps, places individuals within communities to give a year of their life serving others. Marshfield Clinic Center for Community Outreach is a national service grantee. Marshfield Clinic AmeriCorps places individuals with afterschool host sites across Northwestern, WI.

Marshfield Clinic AmeriCorps is now enrolling (Hiring) members for the 2015-2016 program year which begins on September 14, 2015 and ends of August 31, 2016. There are currently 80 positions available across Wisconsin in either one of two programs including Marshfield Clinic AmeriCorps Afterschool and Volunteer Wisconsin AmeriCorps which are described below.

Marshfield Clinic AmeriCorps Afterschool - this program places individuals with afterschool programs throughout northwestern Wisconsin to strengthen afterschool programs. Individuals serve as part of a case management team, working directly with at-risk, school-aged children. They provide homework assistance during the school year and organize physical activities and/or provide information on nutrition, personal/social skills or healthy active programming for the enrolled children. Positions are full-time 35-40 hours per week and include benefits.

During a typical day of service the member may initially report to the school where the youth reside during the day. While at school the member may supervise a classroom of youth who need additional assistance with homework or other activities. Following the school day the member reports to the afterschool program site, which may be at the school or another location in town. While there the member may chaperone youth during recreational times, coordinating sports or social activities. They will also provide direct support to the youth they case manage by giving homework assistance, talking with the parents of those youth or sending updates home about progress being made. Members will also build a "portfolio" for each youth, tracking success. The member will also coordinate and complete the youth's enrollment into a database, and conduct parent and teacher surveys throughout the year.
