

Looking for a shoe maker or cobbler to build my design prototype

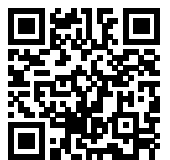

Location **California**
<https://www.genclassifieds.com/x-570109-z>

This is a paid position with a clothing line start up

Are you capable of making a pair of shoes
What are your skills ? Sewing , illustration , prototyping , Design , 3d Modeling?
Are you looking to be considered to be apart of a new clothing line from the ground up?
This job is paid hourly initially but once it gets picked up the pay would go exponentially up for you if you become an asset to our team.
