Free Range butcher hogs for sale. These pigs have pasture , timber and a 30'x 84' straw filled barn to roam naturally as they please. They are born here on the farm in hog huts in the pasture.They are being fed corn, soybean meal and dairy cow milk. This should make for some very succulent and tasty pork. I will deliver the pigs to Riley locker for processing and then deliver the meat back through the Manhattan , Wamego area. Of course you're welcome to pick it up at the locker too. The pigs will have a minimum 260# live wt. At that weight you should be getting back 150# of meat . The processing is going to be \$175 to \$240 depending on how you want it processed. This will give you a cost of approximately \$3.00/pound for your meat. This is much better meat than you can get at the grocery store plus at a cheaper price. I sell whole and 1/2 hogs. I can also give you names and numbers of happy customers you are welcome to call. For great pork at a great price give me a call.

Thanks,  
Mark
