

Help Turn Discount Voucher Merchants to Us amp Save them money (Eastern MA)

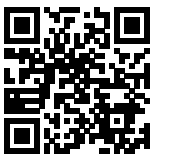

Location **Massachusetts**
<https://www.genclassifieds.com/x-570906-z>

Search for merchants offering discount vouchers on various websites, call the merchants and tell them we want to distribute to same vouchers 100% free to them.

Example for Discount Vouchers: a user pays \$50 for a \$100 Voucher for a net \$50 discount, the total cost to the merchant is \$75 because the voucher distributor takes \$25 and sends the other \$25 to the merchant once voucher is redeemed.

With us, we will distribute the same Value discount voucher, the total cost to the merchant is only the \$50 and user only pays \$5. Most merchants will refund the \$5. to the user.

For the merchant, it should be an easy decision.
