Hi, I'm rehoming my tamed Macaw parrot, she is still pretty young, beautiful nature , loves cuddles, just starting to talk, she walks around the house with my dogs, so she isn't fazed with other animals only rehoming because I have to, not because I want to. Very healthy. Will be rehomed with a cage, parrot stand and all her toys. She is such a cutie with very bright color. Contact for more.
