## Adopter Needed for a Saint Bernard Lab Mix (Boise, ID)

Location Idaho https://www.genclassifieds.com/x-572054-z

Adopter Needed for Mondo, a Saint Bernard / Lab Mix!

Hey dudes and dudettes, I'm Mondo! I'm 85 pounds of pure love ready for a new family and adventure. I'm a 5 to 6 year old male St Bernard and Lab Mix, with the awesomeness of both breeds shining through! Not only am I ready for hiking, camping, fishing, and the lake, but I'm also ready and willing to snuggle up in your arms on the couch. I'm a seriously awesome furry dude.

If all of that isn't enough to make you come and meet me yet, let me throw in some more rad facts about me. I not only get along with other dogs, cats, and kids. . . I actually like farm animals too. That's right, I haven't met a person or critter I didn't like.

A great foster home has taken me in, but I really need a forever home. I'm headed to get neutered soon, get up-to-date on all of my shots, receive a microchip, and get tested for heartworm. Once my foster home has helped me through this, I'll be ready to seek out a new adventure. . . with you!

To learn more about my awesome self, please contact Jayme Hoff with Idaho Saint Bernard Rescue at (text messages only), email:, or at the Idaho Saint Bernard Rescue page on Facebook. Fill out an adopter application at www.saintrescue.com. My adoption fee is: \$300.00 to cover all of my boarding, food, and medical expenses. A home check will be required to ensure I have a fantastic and loving forever home.
