Hi! I am a professional childcare provider who offers developmentally structured childcare in my home. My in-home day care is preschool structured, nurturing and safe. I have been in business for over 23 years and mostly fill my available spots by referrals from parents that have placed here. I adhere to the City of Henderson laws pertaining to in-home childcare and follow safety and health requirements and am CPR certified as well. I teach a preschool curriculum that covers all major areas necessary for early childhood development. I make learning fun and exciting and use various teaching props to motivate the children to learn. I prepare them with the skills necessary to enter kindergarten. I incorporate and reinforce good manners, self discipline and self control. Safe play areas are provided for both infants and toddlers. There are no swings, tall slides, pool, etc., that could cause injury. All meals and school supplies are included. I have a bachelor degree and continue to educate myself in child development. I also have certifications to work with victims of domestic violence and children who have been abused and neglected. I have worked as a court appointed special advocate for children, as well. My hours are 7 am - 5:30 pm, M-F. My rates are reasonable and I provide yearly receipts for tax deduction. Please call
