

Unlocked Tmobile Note 3 with awesome case (350 USD)

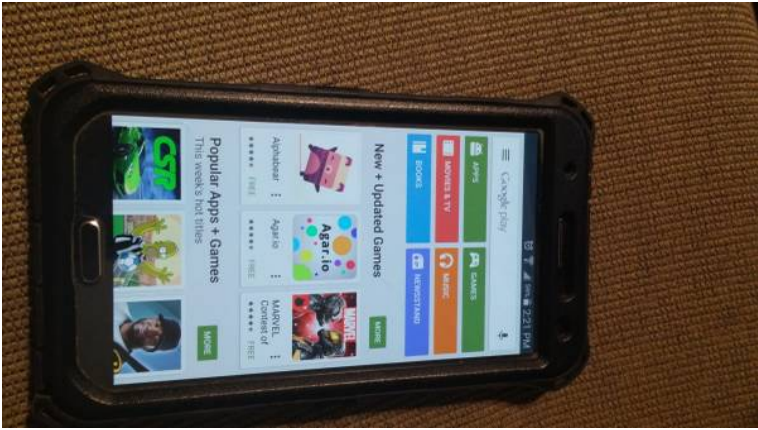

Location **North Carolina**
<https://www.genclassifieds.com/x-572282-z>

Looking to upgrade to note 4 and selling my note 3. Screen is perfect and has had a protector on since day one. Comes with an extremely rugged Trident Kraken AMS kickstand case, and car mount. Car mount locks into back of case. This case is more rugged than otterbox and will handle drops onto concrete with no damage to phone, just look at youtube reviews.

Phone will work on any GSM NETWORK world wide.

Phone is fully functional and fully paid off. I will happily meet at tmobile store to confirm. Unlike versions from att and verizon, the bootloader is factory unlocked, so you can easily root and put on custom roms if you choose, but I never have (but I can show you how).

Price is firm. Don't even bother with lower offers, I don't need to, nor am in a hurry to.
